SAP **1308968 - Change log for APO DP and APO SNP**

Version 11 **Validity:** 17.09.2014 - active   **Language** English

Header Data

Released On	18.09.2014 06:25:53
Release Status	Released for Customer
Component	SCM-APO-FCS-INF Interactive Forecasting
Priority	Recommendations / Additional Info
Category	Consulting

Symptom

You want to track changes to key figure values in APO Demand Planning (DP) or APO Supply Network Planning (SNP).

Other Terms

Change monitor, change log, APO, DP, SNP, planning book

Reason and Prerequisites

This function does not exist in the standard SAP system.

Solution

An add-on was developed as part of a consulting solution, which you can purchase for a fee. The following prerequisites apply for use:

If you use SAP SCM 5.00, you need at least Support Package 17 or higher. As an alternative, you can implement SAP Note 1417638.

If you use SAP SCM 5.10, you need at least Support Package 13 or higher. As an alternative, you can implement SAP Note 1417638.

If you use SAP SCM 7.00, you need at least Support Package 6 or higher. As an alternative, you can implement SAP Note 1417638.

See the attached PDF document for further details.
